SHELBY PLANT FARMS

MEMPHIS, TENNESSEE

The severe drouth during spring and summer of 1943 killed our strawberry plants, and we will have none to offer before the fall of 1944.

We have a fair supply of good quality fruit trees, grape vines, blackberry, dewberry, raspberry, youngberry, boysenberry, and rose plants to offer. See inside of this leaflet for prices. Your order will be appreciated and carefully handled.

SHELBY PLANT FARMS

MEMPHIS, TENNESSEE

Dear Friend:

For this season we have the following varieties and quantities of strawberry plants:

Blakemore	1,000,000
Missionary	100,000
Fairmore	100,000
Tennessee Shipper .	100,000

These plants are new-ground grown and will please you.

Prices are as follows by express:

	Blakemore Missionary Fairmore	Tennessee Shipper
250	\$ 3.00	\$ 3.75
500	5.00	6.75
1,000	8.50	12.50
10,000	82.50	112.50

Cannot ship less than 250 and by express only.
None by mail.

Ignore that part of the front page of the enclosed price list where we say the drouth had destroyed our plant crop, as that refers to last year.

Please order as early as possible, as it seems certain we will be sold out before the season ends next spring. Because we have so few of Missionary, Fairmore and Tennessee Shipper be sure to say in your order whether or not we may substitute Blakemore if these are all sold out.

On account of the paper shortage this is the only price list we will mail out this season. Please therefore, hold on to it until you are ready to order. And let us urge again that you send in your order early.

Prices are also given on fruit trees, nut trees, grapes, brambles, roses, etc. Shall appreciate your order for anything in our line. Please put the postal unit "12" on your envelope right after "Memphis" as this will assure more prompt delivery of your mail to us.

Cordially yours,
SHELBY PLANT FARMS,
MEMPHIS 12, TENNESSEE
